

Drawing a Raffle Winner

The following tasks must be complete in order to randomly select a winner from your raffle ticket holders on your GiveSmart campaign.

Locate Raffle Ticket Range

- Go to Admin > Reports > Overview.
- Scroll down to Other Reports and go to Raffle > Entries.
- Sort the Entry #'s lowest to highest by clicking 'Up Arrow' to the left of the column..

Randomly Generate a Number

- Visit a random number generate site, such as random.org.
- Enter the range of numbers sold in the True Random Number Generator (minimum to maximum).
- Generate the random winner.

Match the Number to the Winner

- Refer back to your Entries Report.
- Type the number in the Search field to see the corresponding name of the winning ticket holder.
- Give winner's name to the appropriate person, auctioneer or emcee. to announce or text the winning guest.
